CONCEPT FRESH

ABOUT US

Concept Fresh specializes in the development, production and marketing of dairy products.

With our lean structure, we implement clearly defined marketing and sales goals in Austria and on international markets together with our customers and clients. Innovation, quality, flexibility, service and committed employees are what drives us.

The development of organically produced products is the focus of our work today. We have made it our mission to be a specialized provider of high-quality food. It is particularly important to us that our products are produced sustainably, produced organically if possible and, ideally, vegetarian.
